

Attachment 2 to § 214 Application of Reach2World, LLC.

Response to Question 14

One hundred percent (100%) of the capital stock of Applicant is owned by AMS Voicecom Inc. (“AMS”). AMS, a US-domiciled provider of interstate and international telecommunications services, has previously been authorized to provide such services by the Commission (see DA-03-422).

AMS, in turn, is wholly-owned by Mr. Robert Guler, a United States citizen whose business address is 115 River Road, Building 12, Suite 1203, Edgewater, NJ 07020. Mr. Guler’s principal business is the management and operation of AMS.

As Applicant is an LLC, it has no board of directors, and is managed and overseen by its member – AMS.

Response to Question 15

Applicant has not previously received authority under Section 214 of the Communications Act.

Applicant is requesting authority to provide switched services over private lines, and notes that the Commission has eliminated its International Simple Resale rules previously codified at 47 CFR 63.16 (*see* 69 FR 23151 (2004)) and still referenced in the IBFS 214 online application. Nonetheless, Applicant certifies that it will comply with the terms and conditions contained in 47 CFR 63.21 – 63.23, as appropriate, pursuant to 47 CFR 63.18(e)(3).

An authorization of the facilities authority for which is herein petitioned for is categorically excluded as defined by 47 CFR 1.1306.
